

# SQUARES GAME

How to Play  
Take it in turns to draw a line between 2 dots (NOT DIAGONALLY). If you complete a square, put your initial in the square and take another turn. The person with the most initials once all squares are drawn is the winner!

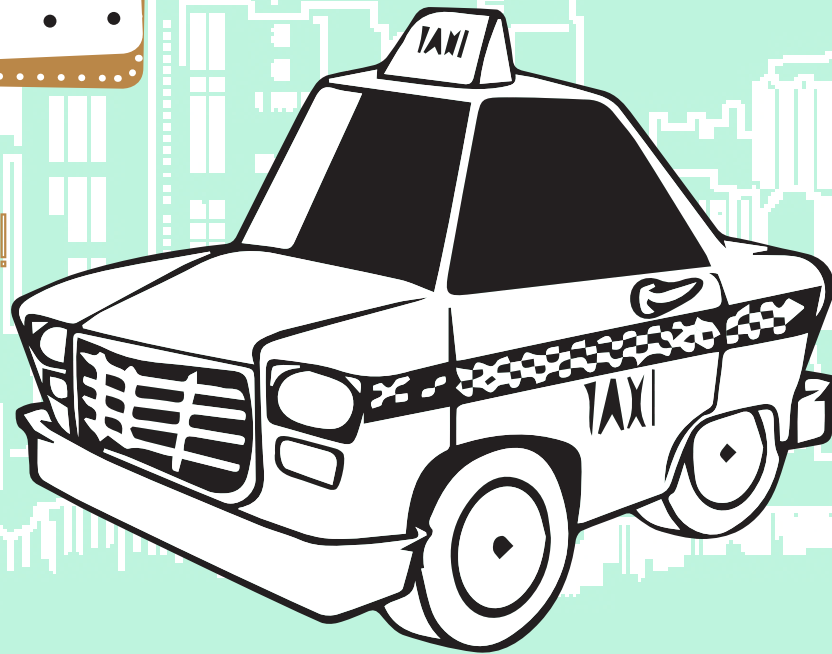

ADD SOME COLOUR!

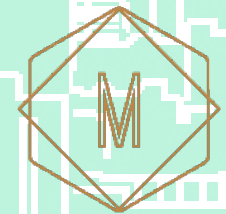

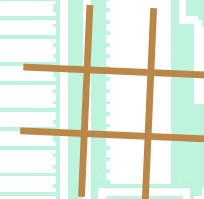

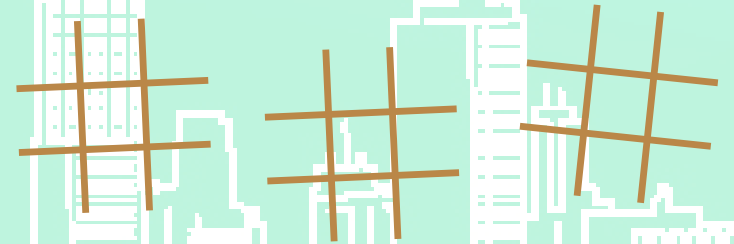

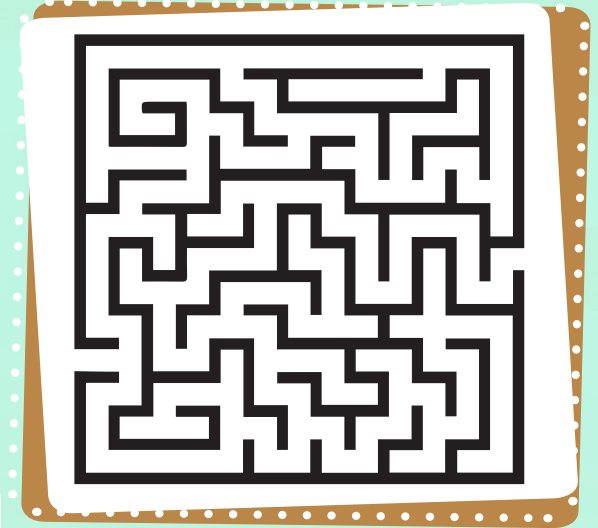

# DRAW YOUR WAITER!

Next time your waiter comes to the table, take a good look at him or her! See if you can draw your waiter and show him/her to see what they think!
